Copyright Statement

All text, medical illustrations, images, photographs and html coding appearing in this site are the exclusive intellectual property of Medical Multimedia Group and are protected under the United State and International copyright laws. No medical illustrations, medical animations, images, or photographs are within Public Domain. Use of any of these without written permission from Medical Multimedia Group, LLC (MMG) is a violation of the copyright laws.

Unauthorized use of our intellectual property (text, medical illustrations, medical animations, images photographs, html coding) will be prosecuted. You will be notified and invoiced for unauthorized use (3x the normal rate) and/or prosecuted for Copyright Infringement in the U S Federal Court, including all court costs and attorney fees.

Producing mirror copies of our content on your server(s) without written permission from MMG is a violation of the copyright laws. Serving an of our animation sequences whether in Flash (.swf) or digital video (.avi) format is also a violation of the copyright laws. If you would like to share our content with others, add a text link to your web pages directing the viewer to our domain.

Entrance to our site indicates your agreement with these terms.
